Earrings for Book Lovers

DESIGN BY Tracy Gonzales (for TierraCast®)

- 1 Charm:** Apply matte tape to front and back of old book or dictionary paper. Rub tape down well. Cut out a ½” circle. Coat bottom and inside edge of a TierraCast® Beaded Round frame (94-2259) with a light coat of super glue. Press paper securely into frame and let dry. Apply resin of choice and allow to cure.
- 2 Link:** String three rondelle beads (5mm, 8mm, and 5mm) onto an eye pin and form a simple loop.
- 3 Earring:** Attach a 5mm round jumpring (01-0020) and the charm to one end of the link. Attach an earwire to the other end. Repeat.
