

# TierraCast Amor Beaded Bracelet

*Pretty Posies for your Wrist*

Design by: Tracy Gonzales

skill set  
not too hard

## Supplies

- 1 Amor Round Button (94-6581-40)
- 6 8mm Jardin Bead (94-5810-40)
- 7 5mm Nugget Heishi (93-0435-40)

Also used: 84 Super Duo Beads (3x5mm), 2 g Size 11° Seed Beads, 1 g Size 14° Seed Beads, Fireline or Wildfire Beading Thread.

## Required Tools

Scissors or thread cutters, beading needle

## Finished Size

7 inches

## Instructions

**Technique:** Circular Peyote Stitch

**TIP:** Check your Super Duos to make sure both holes on each are open.

1. Use 3' of thread to string 14 Super Duos (inner holes) leaving a 4" tail. Tie a knot with the working and tail thread to form a tight circle of beads.
2. String 1 Jardin 8mm bead; pass back through the seventh Super Duo (inner hole) on the other side of the ring and back through the next 6 Super Duos (inner holes). Pass through the Jardin bead and the eighth Super Duo (inner hole); continue through the next 6 Super Duos. Make sure the Jardin bead is seated evenly in the center of the ring.
3. Pass through the first Super Duo (outer hole). String 1 size 11° seed bead and pass through the next Super Duo (outer hole); repeat thirteen times. Exit through the first size 11° seed bead added.
4. String 3 size 14° seed beads and pass through the last size 11° seed bead exited and the next Super Duo (outer hole) to form a picot; repeat thirteen times. Exit from the second size 14° seed bead added. Don't trim the working thread. Set the beaded flower aside.
5. Repeat Steps 1–4 five times.
6. Use the working thread of 1 flower to string 2 heishi and the button; pass back through the 2 heishi and through the last size 14° seed bead exited. Repeat the thread path several times to reinforce; secure the thread and trim.
7. Use the working thread of another flower to string 1 heishi; pass through the second size 14° seed bead of the picot opposite the button. Pass back through the heishi just added and through the original size 14° seed bead. Repeat the thread path several times to reinforce; secure the thread and trim.
8. Use the working thread of another flower to string 1 heishi; pass through the second size 14° seed bead of the picot opposite the connection just placed. Pass back through the heishi just added and through the original size 14° seed bead. Repeat the thread path several times to reinforce; secure the thread and trim.
9. Repeat Step 8 three times to connect all of the flowers.
10. For the button loop start a new 8" thread that exits from the first size 14° seed bead of the picot opposite the final connection placed.
11. String a mixture of seed beads that measures about 2". Form a loop and test for fit. Adjust the number of beads as necessary.
12. Pass through the third size 14° seed bead of the picot just exited. Repeat the thread path of the loop several times to reinforce. Secure
