## Required Tools

2 chain nose pliers, round nose pliers, flush cutters

## Finished Size

16" adjustable

## Instructions

1. Cut two 7" pieces of chain.
2. Cut one 4", one 3½" and one 2½" pieces of chain.
3. String one crystal and one spacer onto a head pin. At top of crystal, carefully bend wire over at right angle. Trim wire to 3/8". Form simple loop. Repeat for all crystals.
4. String one 4mm and one 2mm Czech glass bead onto a head pin. At top of beads, carefully bend wire over at right angle. Trim wire to 3/8". Form simple loop. Repeat for all Czech beads.
5. Slip 2 crystal dangles and 1 Czech bead dangle onto an open jump ring. Repeat 7 more times for a total of 8. Set aside.
6. Add a jump ring to all 9 charms. Set aside.
7. Add a jump ring to one end of both 7" pieces of chain and attach both jump rings to the Flora Ring. Close the jump rings.
8. Add a jump ring to one end of the 3½" and the 2½" pieces of chain and attach both jump rings to the Flora Ring.
9. At the other ends of the pieces of chain add one Jardin Teardrop charm to one, and one Flora charm to the other.
10. Count up 5 links of chain and add a bead dangle to each piece of chain.
11. At the top of the necklace, add a jump ring to one side, and before closing the jump ring, slip on the 4" piece of chain to act as an extender. Attach the lobster clasp to the other side using another jump ring.
12. Attach a Jardin Flora charm to the end of the 4" piece of chain with a jump ring.
13. About 2½" from the clasp, attach a bead dangle to the chain. Count down 3 links and use a jump ring to attach a Jardin Triangle charm.
14. Repeat Step 13 about 1¾" further down the chain.
15. Repeat again about 1¾" further down the chain, using a Flora charm.
16. Repeat Steps 13–15 on the other side of the necklace.
17. Attach the lobster clasp anywhere along the extender chain to adjust necklace length
