## Instructions

**TIP:** Try a version using our unglued Milgrained Bezel Links and Oval Scroll Bezels with crystals in your choice of colors!

1. String one rondelle bead onto one head pin. Protecting top of bead bend wire over at right angle and trim to about 3/8". Use round nose pliers to form simple loop. Repeat with all remaining head pins and beads.
2. Pick up one bead dangle and open simple loop. Attach to one crystal link and close loop. Repeat with 11 more links and remaining bead dangles.
3. Open the 4x3mm oval jump ring and attach to top of pendant. Before closing attach the remaining crystal link. Close jump ring.
4. Fold chain in half to find center link. Open one small oval jump ring and attach to link. Before closing add bezel assembly. Close jump ring.
5. If using a Chain-Sta suspend chain so that it is untwisted, with bezel at center. Alternatively, stretch chain across a clip board or other surface and use binder clips to secure at sides. (Optional)
6. Open one jump ring and attach one 6x4mm beaded dangle four links to right (or left) of center link. Close jump ring.
7. Repeat Step 6 to attach one 3x2mm beaded dangle four links to right (or left) of previously placed dangle. Repeat to attach four more dangles, alternating sizes.
8. Repeat Steps 6 and 7 on other side of center link.
9. Open one jump ring and attach one loop of clasp set at one end of necklace. Close jump ring.
10. Repeat Step 9 at other end of necklace.
