

TierraCast Remnants Necklace

A stylish way to use up leather bits & pieces

Design by: Julie Young

skill set
not too hard

Supplies

- 19" 6x4mm Brass Cable Chain (20-0425-27)
- 1.5" Anna's Clasp (94-6154-27)
- 1 Spiral & Rivets Link (94-3156-40)
- 10 6.35mm Micro Washer (01-0070-27)
- 22 3.7mm Eyelet (01-0080-45)
- 2 5.3mm Eyelet (01-0082-27)
- 5 5mm Round Jump Rings (01-0020-27)
- 5 Asst. leather strap remnants, 1/2" wide, 2-2 1/2" long

For bracelet option: 4 10mm chain links or jump rings, 2 med. oval jump rings

Required Tools

TierraCast Eyelet Setter & Anvil, leather punching pliers, hammer, chain nose pliers (2), scissors, pencil.
Optional: TierraCast Setting Block

Finished Size

20 inches

Instructions

1. Choose one leather remnant for your center focal.
2. Center focal link on top of remnant. Mark holes with pencil. Use leather punching pliers to make 2mm holes where marked.
3. Center link on remnant again and insert one 5.3mm eyelet down through hole at one end and through leather underneath.
4. Turn stack of components over and place eyelet flange side down onto anvil.
5. Position setter into end of eyelet and tap with hammer until set (see setter instructions).
6. Repeat Steps 3–5 at other end.
7. Make a centered pencil mark 1/8" from each end of remnant. Punch 2mm holes where marked.
8. Place one washer onto one 3.7mm eyelet. Insert eyelet through hole at one end, then repeat Steps 4–5.
9. Repeat Step 8 at other end.
10. For remaining remnants repeat Steps 7–8 at ONE end of each remnant.
11. Repeat setting process to add eyelets with or without washers where desired.
12. Use one jumpring to attach center pendant to center link of chain. Attach 2nd and 3rd remnants 4 links (3/4") apart to right. Repeat with 4th & 5th remnants to left.
13. Open link at one end of chain and attach clasp bar. Repeat at other end to attach clasp ring.

Bracelet Option: Use Steps 7–8 to prepare three remnants for linking. Attach focal link and additional eyelets and washers as desired. Use 10mm chain links or jump rings to connect remnants and to attach clasp ring to one end. Use oval jump rings to attach clasp bar at other end.

Watch the technique videos in the DIY section of our blog (look for videos on eyelets and jump rings).
