

# TierraCast Sierra Earrings

Simple, Elegant & On-Trend

Design by: Tracy Proctor

skill set  
not too hard

## Supplies

- 2 Ear Wire (90-5128-12)
- 2 Tree Charm (94-2454-27)
- 16 4mm Hex Spacer (93-0411-70)
- 8 3mm Disk Spacer (93-0439-27)
- 4 2x2mm Crimp Bead (01-0030-27)

- 4 6x8mm Bead (Czech glass faceted rondelle shown)
- 20ga craft wire (Ant. Brass shown)

## Required Tools

Wire cutters, round nose pliers, chain nose pliers, ruler, crimping pliers (optional), nylon jaw pliers (optional)

## Finished Size

2.5–3 inches

## Instructions

**TIP:** Craft wire is fairly soft—handle gently!

1. Cut one 8" piece of craft wire and use fingers or nylon-jawed pliers to straighten if necessary.
2. Bend wire at right angle 3½" from one end.
3. String one crimp bead onto longer end of wire. Move bead to bend and use chain nose pliers or front notch of crimping pliers to secure in place.
4. String on \*one 4mm bead, one 3mm bead, one 4mm bead, one 6x8mm bead, one 4mm bead, one 3mm bead and one 4mm bead\*.
5. String one charm, repeat \* through \* then string one crimp bead.
6. Secure crimp bead in place as in Step 3.
7. After crimp bead make bend in wire as in Step 2.
8. Bring ends of wire together to form triangle 1½–2" tall.
9. At top of triangle bend ends of wire straight up, making sure sides of triangle are equal. (Fig 1)
10. Grasp wires with chain nose pliers, then bend at right angle above plier jaws. (Fig 2)
11. Use round nose pliers to form wrapped loop. (Fig 3) (Hint: pay attention to which direction charm is hanging to determine where to finish wrap and trim wire.)
12. Attach one ear wire at top of earring.
13. Repeat Steps 1–12 for second earring.

Watch our technique videos in the DIY section of our blog (look for videos on wrapped and simple loops).
