

TierraCast Succulent Tassel Earrings

Our Jardin Crimp Ends pair perfectly with the sweet Succulent Earrings Posts for this earring idea. Palette possibilities abound!

Design by: Tracy Proctor

skill set
easy peasy

Supplies

- 2 Succulent Earring Post (94-1085-12)
- 2 Jardin Crimp End (94-5826-12)
- 2 Oval Jump Rings 21ga 4x3mm ID (01-0018-01)
- 2 Clear Comfort Post Clutch (01-0012-03)

- 20 Size 6 Seed Beads (Dyna-Mites 5455SB shown)
- 48" 1mm cotton or nylon cord
- Jewelry adhesive (optional)

Required Tools

Scissors, chain nose pliers, flat nose or parallel pliers, needle nose tweezers

Finished Size

Approx. 2 inches

Instructions

TIP: Use chain or flat nose pliers to flatten the top of the coil before tucking into cord end. When crimping cord end try squeezing from the loop side.

1. Cut one 24" piece of cord.
2. Wrap cord around fingers five times, creating a coil about 2" long.
3. Use tweezers to grasp the strands at the top of the coil. Straighten strands so they are neatly aligned, then use pliers to flatten.
4. Pick up one cord end and use tweezers to tuck the top of the strands inside securely.
5. Use flat nose or parallel pliers to crimp cord end until secure.
6. Use scissors to cut loops at the bottom of the coil, creating a tassel.
7. String one seed bead onto one strand of the tassel. Tie an overhand knot at the bottom. Do not tighten yet.
8. Repeat Step 7 on the remaining 9 strands.
9. Adjust position of seed beads and knots as desired before tightening knots securely. (Optional: apply a tiny drop of adhesive to each knot for extra security.)
10. Trim cord ends as desired.
11. Open one jump ring and attach to loop at top of cord end. Before closing attach loop of one earring post. Close jump ring.
12. Repeat Steps 1–11 for second earring.

Watch the technique videos in the DIY section of our blog (look for videos on jump rings).
