Celtic Heart Necklace

Love lives eternally...

⊂●⊲

Design by: Tracy Gonzales

Supplies

1 Celtic Open Heart Pendant (94-2390-12)

1 Celtic S Hook (94-6032-12)

5 6mm Jump Ring, 19g (01-0025-01)

30" 2mm knotting cord, blue

30" 2mm knotting cord, brown

Required Tools

scissors, chain or flat nose pliers (2), super glue, straight pins (2), beading mat
Finished Size

Approx. 20"

Instructions

TIP: Keep cords parallel throughout knotting steps, making sure they don't get twisted.

Double Coin Knot

1. Center loop: Hold two cords together at center and pin near bottom of beading mat. Bring ends up and cross left strand over right to make a large loop. Right strands are A. Left strands are B. (Fig 1)
2. Right loop: Pick up A and make a clockwise loop that lies over B and comes back to cross over itself. Pin loop down. (Fig 2)
3. Left loop: Pick up B and make a counterclockwise loop, weaving over tail A, under left side of center loop, over lower strand of right loop, under right side of center loop, and over upper strand of right loop. (Fig 3)

4. Unpin. Begin to tighten knot by pulling A and B away from each other to close center loop, then by pulling tails. Continue to adjust until knot is snug but not tight. (Fig 4)

Necklace

1. Attach two jumprings to center loop of knot. Before closing jumprings attach pendant.
2. Attach one closed jump ring to one side of hook and pinch closed to secure. Thread cord ends at one end of necklace through the jump ring and secure with overhand knot.
3. Repeat Step 6 on other side, using second jump ring in place of hook.
4. Apply a small amount of glue into knots, allow to dry, and trim excess cord.
